

Strode Theatre, Strode College
Church Road, Street, Somerset, BA16 0AB

STRODE **THEATRE**

Studio Technical Specification

For Enquiries: theatretechnical@strode-college.ac.uk

If you're visiting us, there are some technical questions you may have. Everything you need should be in this section, and if it isn't, please let us know. **Please note that equipment details may change due to renewals or breakages. It is therefore always advisable to treat this information as a guide only and to confirm the details with theatre manager or technical staff.**

Access & Parking

Strode Theatre is located on the college road just off Church Road. The scene dock/load in area is alongside the theatre entrance. Movements of larger vehicles would need to be arranged in advance.

Free parking is available around the theatre. Larger spaces for vans/tour bus can be arranged in advance.

Technical Data

Plans are available in PDF format. Please [contact us](#).

Maximum Capacity 64

Studio

Our studio space is highly configurable, suitable for smaller live shows, intimate live music, or for use as a rehearsal room. The studio is equipped with retractable seating and seats 64 patrons, with the front row removable for up to two wheelchairs.

Disabled access to the studio is via a lift.

The sound and lighting equipment is installed on an event-by-event basis, so please [contact us](#) to discuss your requirements.

Performance Area

A flat stage with a sprung wooden floor. The area can be configured various ways, please see the attached studio plan for dimensions etc.

We do not allow any screwing or fixing to the floor.

Lighting

Control is via EOS Family Software with ETC nomad.

The studio has a fixed LX bar with DMX and 13A non dimmable power.

Our lighting stock includes:

4 x LEDj Performer 18 HEX

8 x Showtec ACT Fresnel 50WW

Please [contact us](#) to enquire about other equipment at additional cost, or to check our current cable stock.

Sound

We run an Allen & Heath QU16 Digital Mixing Desk. We have 2 x QSC K12 and 8 x QSC K10.2 which can be used as either FOH or monitors.

Mics

4 x SM58

2 x SM57

AKG and Audix drum mic sets (incl. AKG C1000, D112 and Audix D6)

2 x Crown PCC160 Boundary Mic

Sound equipment is shared across both venues and subject to availability.

Other equipment or sound engineer can be sourced at extra cost, please [contact us](#).

Projection

If you require projection, we have a small NEC NP-M271X, complete with pop up screen which can be used for lots of applications.

We also have a NEC NP-NC900C-A Digital Cinema Projector suitable for video or photography showcases. *Please note this will incur additional charges. However, due to the brightness of this projector we cannot allow its use if the performer stands in the beam.

For any further technical enquiries please [contact us by email](#) or phone 01458 844474.
